The partnership heretofore existing between Messrs. Numerous other articles will also be on exhibition. The booths will be beautifully and artistically decorated by the ladies, who are taking surprising interest in making the fair a success.

Contemptible.
Some mischievous person in this community has been guilty the past week of defacing, mutilating and in some instances tearing down posters, cards, etc., which have been tacked up in the town and its environments. As this is a misdemeanor punishable by fine and imprisonment, this office will pay a reward of \$10 for information that will lead to the arrest and conviction of any party destroying or mutilating in any manner, shape or form cards or posters printed at this office and which have been posted on bulletin boards and buildings with the consent of the owners. We are bound to protect our patrons in this matter and in doing so time and money will be a secondary consideration.

Stricken With Paralysis.
A little Frenchman, known as "French Pete," was discovered lying under an oak tree near Fulton a few days ago, and on examination it was found that he was suffering from a stroke of paralysis. People in that neighborhood gave him all the assistance possible in the place he was lying, but no one removed him to a place where he could rest more comfortably, and, for two days and nights he lay under that oak tree in the open air. Marshal Lowery was sent for Sunday, and, in company with Deputy Sheriff Vanderhoof started after him and brought him to the County Hospital, where he can be properly cared for. The stroke was a severe one, and the chances are against Pete's recovery. —S. R. Republican.

HON. CALVIN EDGERTON.
He Addresses a Large and Enthusiastic Audience.
The Democratic meeting held at Union Hall last Monday evening was largely attended. The meeting was called to order by J. B. Small, who read the names of the Vice Presidents of the meeting, as follows: Judge W. A. Henry of Sacramento, Henry Winkle, Hon. Robt. Howe, Jesse Burris, W. P. Wilson, M. Muldry, C. Bethel, G. W. Sparks and J. M. Hendley. After an air by the Sonoma Valley Band, Mr. Small introduced the speaker of the evening, the Hon. Calvin Edgerton. The gentleman, after a few preliminary remarks in which he stated that he had always been a Republican but becoming convinced that the Democrats were right and the Republicans were all wrong on the great issue of the day, the tariff question, he had abandoned his old party and his political friends for what he conceived to be a principle, then took up the Mills bill which he discussed in a unique and masterly manner and his frequent bursts of denunciation were vociferously applauded by the Democrats present. Mr. Edgerton is a loud, clear and forcible speaker and this, together with his careful avoidance of saying anything to offend the Republicans present, of whom there was a goodly number, made the meeting instructive, pleasant and agreeable to every one present.

Personal and Social.

Mr. and Mrs. Chas. Ward visited Sonoma last Sunday.

Mrs. Tom B. Wilson of Cloverdale is visiting relatives in this place.

Miss Rose Wilson is visiting her father, W. P. Wilson, and will remain in Sonoma about two weeks.

Rev. H. H. Wikoff is attending the thirty-second annual meeting of the Congregational Association, which opened in Alameda last Tuesday.

Geo. F. King, merchant, James Simpson, contractor and builder, J. J. Wistyrk and Jailer Louis Breitenbach, all of Santa Rosa, visited Sonoma Sunday.

The item in last week's issue, announcing that Miss Annie Church had returned from Oregon and was visiting in Santa Rosa, was incorrect, as the young lady is still in the Webfoot State and will not return before the latter part of the present month.

Glen Ellen Gossip.

Henry J. Chauvet has been quite ill the past week, but is now gradually improving.

A drunken bum was sent to the County Jail for 30 days by his Honor J. B. Small, last week.

A cattle corral has been built near the track of the Santa Rosa and Carquinez Railroad at this place.

A. G. Burnett, Jas. H. McNabb and S. K. Dougherty addressed a large audience here last Thursday evening.

Two trains of gravel of twenty-five cars each pass through here twice a day. The gravel is used in ballasting the read-bed of the Santa Rosa and Carquinez Railroad.

The Postmistress informs us that her office is now a money order office, which fact will undoubtedly be of great convenience to the community.

Grape hauling to the cellars of Kohler & Frohling and J. Chauvet still continues. A steady stream of teams from all parts of the county may be seen wending their way to these cellars daily. OLD TIMER.

A Doctor's Bill Saved.

CHATTANOOGA, Tenn., June 28, 1888. The Swift Specific Co., Atlanta, Ga: Gentlemen—In the fall of 1887 a case of blood poison developed on me. It was extremely bad, and the glands about my neck became fearfully enlarged. A friend who had reaped great benefit from your medicine induced me to try S. S. S. Before the first bottle was gone the swelling went down and I began to improve. In less than two months I was entirely well. My skin is perfectly clear now, and my blood absolutely pure. I am absolutely certain that Swift's Specific not only cured me, but at the same time saved me a big doctor's bill. I shall always gratefully recommend your medicine whenever an opportunity offers. Gratefully yours, ADAM SCHIERER, 111 West Sixth street.

THE DONAHUE SYSTEM.
A Rumor that it Has Been Sold to a New York Syndicate.
The San Francisco Chronicle in its issue of the 7th inst., has the following in regard to the reputed sale of the Donahue system of railroads to the Seligman syndicate of New York: "The sale of the Donahue railroad and other property connected therewith, is now known here as a fact. From a gentleman who has an intimate acquaintance with the Donahue interests and of the scheme for the disposal of the property, it was learned yesterday that the Seligman syndicate of New York was about to gain possession of the property, the price quoted being \$4,000,000.
"The Donahue system," said the same informant, "was not long ago worth \$5,000,000 of any man's money, but the construction of the Southern Pacific Company's branch from Napa Junction into Santa Rosa, while it has not lessened the gross earnings to any great extent, has caused the value of the Donahue property to depreciate at least \$1,000,000.
"Who will operate the line?" asked the reporter.
"The Union Pacific. It will build the extension over the Sierras, instead of allowing outside to do it, as has been stated. The extension will be from Sears Point up via Suisun and Colusa to Tehama and Goose Lake through the Dear Creek Canyon and the Beckwith pass, now held by Union Pacific engineers, who have been at work in the Sierras all the summer on the quiet. The connection with the Union Pacific will be made at or near Baker City, I. T., on the Oregon Short Line. This will be 400 miles of new road. It will give the Union Pacific an independent line into San Francisco, and although 200 miles longer than the Central Pacific, it will be nearly as short in point of time, as the grade over the Sierras will be much lighter and trains can be run faster."

No More Rhyme Than Reason.
God bless the kickers! The dear old kickers—God bless them, every one! For they'll kick when you're sober and in for work and kick when you're in for fun! They'll kick at improvements in real estate—They'll kick at booming the town—and at everything that'll work for good some kicker will frown a frown! If this thing or that is thought to be good some other they'll say will be better, and if one should write them up as a "mass" they knock off that superfluous letter! When these self-same kickers arrive at the gates—the pearly gates of heaven—they'll kick if you offered a nice small crown and pick out number eleven. On earth in heaven at home on the street, there are men who are bound to kick; until, we declare, there's no peace anywhere—its enough to make a man sick! So out on these kickers, those chronic old kickers—that blight that is thrifty on a town—and when they kick, with their mulish ways—for heaven's sake, frown them down!—Brude (Dak.) Index.

Prudence! Prudence!
In medication, as in almost else, prudence should be our guide. Yet thousands cast it to the winds. Every new nostrum finds its patrons, the medical empires of every false school have their gulls. Every change in the management of humbug is rung successfully—for a time at least—the notes being furnished by the credulous. In happy contrast to the many advertised impostures of the day stands Hostetter's Stomach Bitters, now in its third decade of popularity, approved and recommended by physicians, endorsed by the press of many lands, sought and prized by invalids everywhere. It is an ascertained specific for and preventive of malarial diseases, chronic indigestion, liver complaint and constipation, checks the growth of rheumatism and neuralgia, is a peerless invigorant and useful diuretic. Nervous people benefit by it.

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at E. Wegner's Drug Store.

The Verdict Unanimous.
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidney or Blood. Only a half dollar a bottle at E. Wegner's Drug Store.

The Union Hotel is first class in every respect.

The first number of the Budget published weekly at Lexington, Morrow county, Oregon, is on our table. It is edited and printed by Messrs. Snow & Whitten. The editors in their bow to the public among other things say: "Selfishness is our ruling motive in entering this venture. It would, perhaps, have a more melodious jingle were we to assert that from the great love we bear the dear people we immoderate ourselves upon the altar of journalism, in order that they may be rescued from the slough of despond in which they now hopelessly wallow. But the 'dear' people are not to be humbugged by any such swash. The truth is that we believe a 'medium to good' paper is needed here; that if we can supply this need we will be able to keep floor in the barrel and bacon on the nail; that if we can go further and furnish a 'live' paper, the bacon will give place to ham. We intend to do our level best to obtain the flour and bacon, and as we grow stronger, to reach for the ham. Without fulsome blather, that's the long and short of it."

Henry Whitson, the junior member of the firm is our apprentice of fourteen years ago. Honest, long-headed, a thorough newspaper man and intensely practical in everything, as the above quotation from his introductory will show he is bound to succeed where others have failed. Henry, my boy, we bestow upon you and Snow our editorial blessing and wish you abundant success.

An entertainment and social dance will be given by Juanita Parlor, No. 20, N. D. G. W., at Union Hall on the evening of Friday, October 19th.

Starting Discovery.
The discovery by the inhabitants of a locality hitherto unvisited by the pestilent scourge of fever and ague, that it exists in their very midst, is decidedly startling. Such discoveries are made every season, in every part of the Union. Subsequently, when it is ascertained, as it invariably is at such times, through the valuable experience of some one who has been benefited by a thoroughly efficacious eradicator of the malarial poison, and a means of fortifying the system against it, a feeling of more security and tranquility reigns throughout the whole neighborhood. Besides the feeble forces of malarial disease, dumb ague and ague cake are removed by the potent action of the Bitters, to which science also gives its sanction as a remedy for rheumatism, dyspepsia, constipation, liver complaint, debility, kidney troubles, and all diseases impairing the organs of digestion and assimilation.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nostrils, obtain a bottle of Boecher's German Syrup. It will give you immediate relief.
